Bursary Application Form

Each year Metochos Ministries collects funds for the staff who return to an accredited post-secondary educational institution as students. After the camping season staff who wish to share this grant money must make application to the Board of Directors by September 30. No grant will be extended without an application. The Bursary money will be shared among those successful applicants. Students who take less than a normally full load of classes will receive a proportioned share.

The Camp Director and the applicant must sign each application.
